HIGHWAY PATROL HUNTS

Two Who Looted Building In 1934 Caught

WASHINGTON, C. H., Sept. 14.—Two young bandits, who waited until Miss Effie Palmer, the cashier, was alone, robbed the Farmers' bank of Good Hope, 10 miles southeast of here today. Bank officials estimated the robbers took "several hundred dollars" but they had not made a check to determine the exact amount.

The bandits, described as between 20 and 25 years of age, forced Miss Palmer into the vault about 10:20 a. m. They took all the money they could find in the cage then ran outside where an accomplice was waiting for them in a black sedan with yellow wheels.

Prisoner in Vault
Miss Palmer said they took her watch. She was a prisoner in the vault until O. J. Rodgers, a customer, entered the bank and heard her cries. He searched first in the basement but later went to the vault. He turned the handle and released her.

The robbers cut all telephone wires leading from the bank. Their automobile was seen later between Salem and Fruitdale.

Sheriff W. H. Icenhower was joined in the search for the men by sheriffs of surrounding counties and by the state highway patrol.

The Good Hope bank was robbed three years ago of \$500 by two young men who were arrested after an investigation by the Pickaway county sheriff. They were sent to the Ohio penitentiary.

Officers Assist

Deputy Sheriffs Earl Weaver and Miller Fissell patrolled Route 22, west of Circleville, Tuesday morning, in the hunt conducted for the three men who robbed the bank at Good Hope, about 10 miles southeast of Washington C. H.

'George Washington' of Czechoslovakia, 87, Dead

Thomas G. Masaryk Victim of Pneumonia; Served Three Times As President

MASARYK

PRAGUE, Czechoslovakia, Sept. 14.—(UP)—Thomas Garrigue Masaryk, who rose from a blacksmith's apprentice to become the first president of the republic of Czechoslovakia, "the father of his country," died today of pneumonia and an arterial condition. He was 87.

Masaryk served three times as chief executive of Czechoslovakia. He had been ill for two weeks and had been near death for two days.

Last night his condition gradually became worse. He died at 3:29 a. m. without regaining consciousness. His son, Jan Masaryk, minister to London, President Edvard Benes and Premier Milan Hodza and their wives were at the bedside.

Nation in Mourning

A period of national mourning was ordered by the government. A state funeral will be held for the former president and the body will lie in state for two days in the music room of Lany castle.

The funeral cortege will proceed through the principal thoroughfares of Prague after which the body will lie in state in "pillar hall" in Prague castle.

Masaryk will be buried in Lany Park vault beside the body of his late wife, the former Charlotte Garrigue of Brooklyn, N. Y., on Sept. 21.

It was on Dec. 14, 1935 that the presidential standard was hauled down from the tower of Lany (Continued on Page Two)

JOHN ROOSEVELT TO WED BOSTON DEBUTANTE SOON

BOSTON, Sept. 14.—(UP)—John Roosevelt, the president's youngest son, and pretty Anne Lindsay Clark, Boston debutante, discussed plans today for their marriage, which will take place when he finishes his senior year at Harvard university next June.

Their engagement was announced by Miss Clark's mother, Mrs. F. Haven Clark, at her Nant, Mass., home, where young Roosevelt is a guest.

Reports that another romance was blossoming in the Roosevelt family had persisted since Miss Clark visited the White House last April, but both the attractive, brown-haired girl and her fiancé had repeatedly denied them.

Their engagement was announced less than three months after the marriage of John's brother, Franklin Jr., to Miss Ethel Du Pont. Miss Clark was John's guest at that ceremony.

NEW YORK, Sept. 14.—(UP)—The Georgia Warm Springs foundation for treatment of infantile paralysis will receive approximately \$340,000 from the president's birthday balls in 48 states last January, it was announced today.

Three Circleville youths miraculously escaped with bruises Monday night when the auto in which they were riding left Route 22 at the curve just west of the Scioto river bridge, crashed into a pole on a power line, went through the concrete guard posts, and overturned into the river lowlands. One utility pole was broken off.

CHINESE CONTINUE ORDERLY RETREAT BEFORE JAPANESE

SHANGHAI, Sept. 14.—(UP)—Japanese guns poured destructive fire today into scores of thousands of Chinese troops retreating westward through the Yangtze delta to a new defense line, fortified under directions of a corps of German experts.

Japanese airplanes, operating despite frequent rain squalls descending from gloomy skies, reported that the retreat was orderly despite the heavy fire.

Apparently, from the reports, the Japanese had failed to turn the retreat—demanded by the German advisers against the wishes of Chinese field commanders—into a rout as they had hoped.

New Line Formed

"Our latest airplane reconnaissance showed that the Chinese are engaged in a genuine strategic withdrawal, conducted in good order for the purpose of forming a new line extending between Kiating and Nanzhang," a Japanese navy spokesman said.

"The indication now is that a major battle will be fought on the new line within 10 days." It was assumed, from this statement and a previous one that the Japanese must await reinforcements from Japan, that new thousands of troops would arrive here this week for a drive intended to oust the Chinese entirely from the Shanghai area.

WHITE CHANGES 'NUMBERS' PLEA, PAYS \$500 FINE

Charles White, 29, of Columbus, who has been under \$1,000 bond on a common pleas court charge of promoting the "numbers" game in Pickaway county, changed his plea from not guilty to guilty before Judge J. W. Adkins Monday night, and was fined \$500 and costs. He paid his account.

White was arrested by the Franklin county sheriff's department on a charge filed here by James Fouch, E. Ohio street, who served time in the county jail on a charge of operating "the numbers" racket. His trial has been scheduled for Friday.

UNITED STATES CONCLUDES ALL RECOGNITION OF JAP OFFICIALS

MOSCOW, Sept. 14.—(UP)—Russia, in a surprise note, withdrew all recognition today from two key Japanese consulates in the Soviet Union.

One of the consulates affected is at Odessa, chief Russian port on the Black Sea. The other is at Novosibirsk, an important railroad junction on the vital trans-Siberian railroad along which Russia, in a war with Japan, would send men and munitions to far eastern fronts.

Withdrawal of recognition is effective at midnight today, so that there is not time for further argument.

ATTORNEY GENERAL MAY CALL SPECIAL JURORS

COLUMBUS, Sept. 14.—(UP)—Within two weeks, special grand juries will be called in Cleveland, Youngstown, and Canton, and possibly Columbus, Toledo and Cincinnati, to facilitate Attorney General Herbert S. Duffy's investigation of Ohio's parole system.

WHEAT MARKET UP THREE CENTS

Liverpool Strong; Freight Space To Europe Short

The wheat price on Circleville markets was up three cents Tuesday, listed at 95 cents a bushel. Monday's price was 92 cents.

White corn was steady at 95 cents. Yellow corn was down one cent to 91 cents.

CHICAGO, Sept. 14.—(UP)—Grain traders snapped up all available supplies on the Chicago Board of Trade today and wheat prices climbed 1 1/2 to 2 1/2 cents a bushel at the start of the day's trading.

The new demand for wheat developed when it was reported there was a shortage of freight space for shipments out of Montreal to Europe and news of a stronger market in Liverpool.

September futures rose to \$1.03 1/2 a bushel, up 2 1/2 cents; October wheat was \$1.05, up 2 1/2 cents and December \$1.07 1/2, up 2 1/2 cents.

Today's sudden upturn in prices jolted traders who sold short yesterday and heavy buying back of supplies by these interests gave prices a big boost.

Winnipeg opened 2 cents higher and the upturn in the Canadian market was a further strengthening factor here.

Farmers and Utility Fight

Poles of Lake Erie Power and Light Co. Pulled From Ground by Co-Operative Members

TIFFIN, Sept. 14.—(UP)—The fight between farmers belonging to a rural electrification co-operative and the Lake Erie Power and Light Co. became more bitter today after 15 or 20 poles of the utility company were pulled from the ground.

The poles, erected along the highway from state route 18 to the farms of Irvin I. Zieber and Charles H. Sandmeister, were removed around midnight by more than 100 farmers from Seneca and Crawford counties.

The incident followed two brushings between the farmers, members of the North Central Farm Rural Electrification Co-operative, and electric company linemen yesterday.

Workers Watch

At that time, farmers pulled down the wires and wound them about a fence post while 90 power company workers looked on. On another occasion a woman wrapped her arms about a pole and refused to let linemen ascend.

During a brief struggle a lineman was clubbed and a farmer was struck on the arm with a pair of pliers.

The struggle originally was between Seneca county farmers and the utility. Crawford county farmers joined the protesting group last night.

The farmers objected to the utility's efforts to extend its lines into Thompson township. The company has asked that the farmers be enjoined from interfering with the expansion plans, and a hearing has been set for 10 a. m. Wednesday.

TEST IS MADE OF GUN USED TO KILL OHIO EX-CONVICT

YOUNGSTOWN, Sept. 14.—(UP)—Tests were planned today to determine whether bullets that ended the life of Roy "Happy" Marino, paroled Ohio penitentiary convict, were fired from the same gun that killed Mike Russell, a Wheeling, W. Va. underworld character.

A comparison of ballistic photographs of the bullets taken from the bodies of both were to be made by Howard G. Robinson, superintendent of the Ohio bureau of criminal identification. Russell was slain from ambush on Aug. 25 and Marino was killed last Thursday night.

A preliminary study indicated the bullets were of the same type. Investigators reported that Marino and Russell were friends.

George A. Hurley, assistant attorney general, is conducting the investigation of Marino's death as a phase of Attorney General Herbert Duffy's inquiry into Ohio's parole system.

Police said the two had shot and killed each other. Their bodies were found in a room at the Lawrence Sandley residence where they resided. There were no witnesses to the shooting.

Neighbors reported they had heard the men argue about a dog several days ago.

Ciano's Plea For Navy Reported Turned Down

BREST, France, Sept. 14.—(UP)—One destroyer division composed of three ships and two torpedo boat divisions sailed for the Mediterranean today to take part in the French-British anti-submarine patrol.

GENEVA, Sept. 14.—(UP)—Britain and France, backed by seven other powers, signed an agreement at Nyon, Switzerland, today to mass their fleets in the Mediterranean and sweep the sea clear of "pirate" submarines, ships and aircraft.

The two big powers immediately ordered out their warships in the greatest mass naval co-operation since the World War. They are expected to have as many as 100 ships in action, the British contributing 40 destroyers.

Other Shipping Guarded
The nine powers refused to recognize either side in Spain as having belligerent rights. Submarine operations will be prohibited against attack. Any submarine which does not strictly observe international law will be sunk on sight.

Yvon Delbos, French foreign minister, said "the accord just signed exceeds the limits of a regulation." (Continued on Page Two)

Soil Conservation Plan
To Be Suggested During
Conferences

WASHINGTON, Sept. 14—(UP)—Administration agricultural officials met today with 118 farm leaders from the 48 states to "examine" the 1938 soil conservation program and prepare the proposed new crop control legislation for consideration at the coming session of congress.

Representatives of farm groups were invited here by Secretary of Agriculture Henry A. Wallace and Agricultural Adjustment Administrator Howard R. Tolley for two days of the preliminary conferences on the \$500,000,000-a-year farm program.

They represent state extension services, state AAA executive officers, state agricultural committees. The national conference follows local and state meetings. AAA officials said the meeting is intended to "smooth out the conservation program" which probably will be incorporated in the proposed new surplus control legislation congressional leaders have promised right-of-way.

The conference, earlier this year than usual to avoid any delay in the new farm program, will cover benefit payments, types of non-depleting soil crops in the program, and the amounts that should be planted. It was pointed out that the conference could only lay the ground-work of the new program, which must be approved by Secretary Wallace.

Planning for the new program was moved up by talk of a special session of congress—which Wallace favors—to consider the new control legislation in view of average bumper crops in 17 of the 25 principal farm commodities and threats of sagging farm prices. Wheat, cotton and corn are Wallace's principal worries. This situation will probably be discussed at the farm leaders' conference to determine what should be done to control the surpluses.

CHINESE PLANES SINK DESTROYER NEAR HONG KONG

HONG KONG, Sept. 14—(UP)—Chinese airplanes, retaliating for the Japanese coastal blockade, bombed Japanese warships in Kwangchow-Wan Bay, southwest of here sinking one of them, it was announced today.

Dispatches from Nanking, capital of the central Chinese government, confirmed the attack. The government said officially that the planes had scored five direct hits and sunk one destroyer.

The bombing was believed in retaliation for yesterday's report of a Japanese aerial bombing of a Chinese fort on Bias bay, a notorious refuge for pirates.

lional agreement applied only to Mediterranean nations."

His remark was construed as implying that ships of the United States and other non-signatory powers also would be given protection.

Italy was expected to agree to the pact conditionally. It was understood Count Galeazzo Ciano, Italian foreign minister, told the British and French charges d'affaires in Rome that Italy, if she accepts in principle, wants full equality with Britain and France in patrolling the Mediterranean. Deibos and Foreign Secretary Anthony Eden of Britain were said to have replied that the condition was not acceptable.

Allied Against Italy
The pact was not ostensibly aimed at Italy, although no one doubted that it was. It was regarded as of the utmost significance, because it amounts to a temporary Anglo-French Mediterranean alliance, something the two powers failed to achieve during the Italian-Ethiopian crisis.

MASARYK DEAD

(Continued from Page One)
castle — the signal that indicated that the "grand old man" of Czechoslovakia had resigned the office he had held for 17 years.

In Key Position
Up until the time of his death he maintained a deep interest in European affairs in which Czechoslovakia is a key nation because of its precarious location among democracies and dictatorships.

Masaryk long had visualized a republic of Czechs and Slovaks independent of Austria and dreamed as a boy that he would some day be first president of the republic of Czechoslovakia.

He was born March 7, 1850 in the serfdom of the old Austrian monarchy, in Goeding in Maehren, a part of former German Bohemia. His father, Joseph, was a coachman, who had been a serf until he received his freedom in the revolution of 1848.

After finishing elementary school, Masaryk worked in a blacksmith's shop until he went to Vienna to enter the university. There he earned his doctor's degree with a theme on "The Essence of Plato's Soul."

Masaryk first entered politics in the middle '80's, being elected to the Bohemian diet in 1891 as a member of the young Czech party opposing conservatism and clericalism.

The youths killed in the accident had stopped at the filling station operated by Dean White to obtain gasoline before leaving the city.

Loring Hoffman testified he was enroute to Columbus on the night when the accident occurred and had met the truck and trailer north of the scene of the accident. He said he had pulled off to the side of the highway to permit the outfit to pass.

Who Said,
"Good Old Winter Time"?

I Did.... We Have
Automatic GAS Heat
In Our Home!

Winter need hold no fears of discomfort or inconvenience if you are planning to heat your home automatically with gas — the modern fuel. Gas heat provides June temperature in your home all winter long, and it's as carefree as an early summer day.

Doesn't this sound more pleasant than building fires — shoveling fuel and ashes — running up and down stairs to tend the old-fashioned furnace or boiler? Wouldn't clean gas heat do a lot to eliminate smoke and soot that continually sift through the house, smudging furniture, drapes, rugs and walls? Wouldn't it be great to enjoy even,

This Janitrol gas-fired unit fits into your present furnace or boiler to make it an automatic gas heating plant.

healthful temperatures in your home, no matter how changing outside weather may be? And think how this controlled heat would eliminate colds and other winter ailments!

A phone call to The Gas Company will bring an experienced representative to tell you the reasonable cost of converting your heating plant into an automatic gas-fired unit. He will give a reliable estimate on the cost of heating your home with gas. You'll find that — all incidental costs considered — gas heat really costs less! Why not call for him at once?

C.I.O. TO BACK OWN CANDIDATE FOR DAVEY'S JOB

John Owens, Director Of Steel Strike, Might Enter Contest

HUGE SUPPORT PLEDGED

Aspirant May Run Under Democratic Banner

COLUMBUS, Sept. 14—(UP)—The Committee for Industrial Organization will back its own candidate for Ohio governor in 1938 if it regards other candidates unsuitable to organized labor, the United Press learned today.

John Owens, stocky C. I. O. chief for Ohio who directed the "little steel" strike this summer, has been urged by some to run for governor if no other candidates are acceptable to the C. I. O.

Owens, it was understood is willing to run unless a stronger candidate can be found. He is a Democrat with backing of labor's non-partisan league, which he heads in Ohio.

Huge Vote Pledged
Owens claims a league membership between 300,000 and 400,000 in this state. He estimates C. I. O. membership at between 228,000 and 230,000.

Although C. I. O. leaders expect no active support from the state federation of labor, which is affiliated with the American Federation of Labor, they contend the federation would not oppose a pro-labor candidate.

Owens estimated the federation has 180,000 members in Ohio. However, the A. F. of L. placed the Ohio membership at between 300,000 and 350,000, and C. I. O. membership at a maximum of 100,000. It is regarded as unlikely that the state federation, if it decides to endorse a candidate for governor at its next convention in Cincinnati in August, 1938, will lend any support to a candidate with Non-Partisan League backing.

The league, often referred to as the "political arm of the C. I. O.," is being investigated by the American Federation of Labor executive council to determine if it is dominated by the John L. Lewis organization.

It is known that Governor Davey, should he run again, will be opposed by the C. I. O. Its leaders have charged Davey used national guardsmen to break the strike in little steel.

Ignore Each Other

Davey and C. I. O. leaders have ignored each other since the troops entered the strike area. The governor recently announced posts on the various state boards in which labor is interested would go to state federation men. C. I. O. leaders say they have asked the governor for no political favors since the steel strike.

C. I. O. strategy, should it decide to put up its own candidate, will be to enter its man in the Republican or Democratic banner, probably the latter, instead of resorting to a third party. If enough candidates are entered, C. I. O. leaders feel, the vote may be split widely enough to assure the C. I. O. candidate the nomination.

Brinker to Put Bowling Alleys in Messick Room

By S. D. FRIDLEY
Phone Ashville 79

Ashville is to have a couple of bowling alleys. Clyde Brinker has rented the middle or center room of what is known as the Messick building and soon will install two bowling alleys. A few years ago a party whom we do not recall now installed and operated alleys in the same room.

Dwelling Shortage

A shortage of dwelling house space is at a premium in Ashville and every available room, which can be fitted for such purpose is being converted into living quarters. The Squire building on North Long street formerly occupied by Mr. Daily as a grocery store is being repaired and when completed will be used by some one.

Personal Items

David Finney, a long-time resident of Ashville and at the 80-year

plus in age, suffered a heart attack while at Lutheran church services Sunday. He was removed to his home and is now improved.

Sam, William and Harold Dolby were visitors Sunday at Olive Green, Ohio, located 20 miles east of Delaware. Dr. John Spindler is modernizing his farm dwelling on the Lockbourne road, known as the Henry Shannon homestead. It is to be temporarily occupied by Donald Littell and wife of Zanesville. Mr. Littell is the "new" attorney who is locating in Ashville, having rented offices in the Mrs. Eli building recently occupied by the Beckett electric shop. Felix Reber, a practicing attorney of Marion, was a week-end visitor at the home of Arthur Coon and family. Mr. Coon is his uncle.

Ashville Boards to Meet

The Ashville school board will meet at the school building tonight. The Ashville-Harrison joint-board will meet at the Ash-

ville school building on next Monday evening, the 20th. The members of the local board are Dr. C. J. Rockey, Grover Cline, Peter Johnson, J. R. Hedges and Stanley Beckett. The clerk of the board is Earl Eslick.

Columbus Visitors

William Bloomfield, wife and two daughters of Columbus, were Sunday guests at the home of Newton Hollingshead and wife. Mr. Bloomfield is a graduate of Madison Hi and while attending school lived in the home of the Hollingsheads. He has been on the Capital City police force for about fifteen years, acting now, as a "plain clothes" man.

Many Demanding Neutrality Act Be Invoked

WASHINGTON, Sept. 14—(UP)—President Roosevelt called Secretary of State Cordell Hull to the White House for luncheon today and summoned the cabinet to a special meeting this afternoon to discuss the tense situations in Europe and Asia.

The president had just returned from an 18-day vacation at his home in Hyde Park, N. Y., a vacation cut short by one day because of the tense international situation.

He will lunch and confer with his secretary of state at 1 p. m. (EST) and meet with his cabinet an hour later. White House aides said that the cabinet meeting was

hogs and was considered one of the largest growers of this kind of stock in the state. He sold to Frank Timmes, Lancaster, 255 head which averaged 240 pounds, the purchase price being 18½ cents the pound. The total purchase price in dollars amounted to \$10,498. And this was not all. Mr. Riegel had in the feed lot 350 more to be sold at a later date.

"in no sense" an emergency one. It was moved up from Friday, when it is held regularly, because of the Constitution day celebration scheduled for this Friday.

Faces Many Tasks

The president returned to the capital to reinforce his program for keeping the United States out of war, to weigh federal monetary and budgetary problems, and, possibly, to renew his campaign for judicial reorganization.

Complaints against the recently-amended neutrality act of 1935, the question of whether it should be invoked against China and Japan and charges that the government had failed to stand firmly enough behind American interests in Shanghai have plagued the president since the adjournment of congress.

Monetary problems, emphasized by a headline stock market and the necessity of financing the movement of farm crops, demanded Mr. Roosevelt's attention almost as insistently as the foreign situation and momentarily put into the background such political problems as a third term in the White House, a trip to the western coast and a method of realigning administration forces in congress.

The president must await re-

vised budget estimates for a final decision on how—if possible—to avoid a budgetary deficit greater than the \$400,000,000 forecast in his message of last April, but several developments have damaged hopes of achieving that goal. The president indicated in April that he hoped to reduce the deficit through a greater liquidation of assets of such lending agencies as the R. F. C.

Monday Club Women Begin Year's Program

President Appoints Committees to Serve

The first meeting of the Monday Club for the new club year was held Monday evening in the Library Trustees' room of Memorial Hall.

Mrs. Fred Griner, retiring president, presided at the meeting while some unfinished business of the last year was closed. Before presenting the gavel to Mrs. G. D. Phillips, incoming president, Mrs. Griner thanked the club members for their support and cooperation and expressed her appreciation of their confidence in her in making her their president.

In her response Mrs. Phillips said, "In our club we aim to obtain security for our homes, our children and our community. Our quest for the knowledge is not along an easy highway, but there are many lights to help us. This year as we go up this highway let not a few go ahead and say to the others, come on, but let us all go together hand in hand."

The chair presented the following committees to serve during the year: tellers, Mrs. Barton Deming, Miss Catherine Smith and Mrs. James I. Smith Jr.; scrapbook, Mrs. Howard Jones; student aid, Miss Margaret Rooney, Miss Emily Yates and Miss Gretchen Moeller.

The evening's program, under the chairmanship of Miss Jeanette Rowe, was presented by the division, "Women in Careers". The theme for the evening was a comparison of the status of women.

Miss Emily Yates presented, "The Women in Nazi Germany". The advent of Hitler marked a new era for women in Germany. Before his coming women had forged ahead in the professions, in politics and in business. In 1930 the status of women in Germany eclipsed that of women in the United States. Now, their duties are confined to the home, children and the church. As she can not hold office, she is removed from public life, but she must vote. However, women stenographers and clerks are an exception. They are retained, but the married clerical workers' husbands must receive a very low salary. Only ten percent of the women population are admitted to college. After graduation, they are expected to go in homes where homemaking and motherhood are emphasized. They are denied all artificial pleasure, frivolity, night clubs and reducing diets. They must know and meet the responsibilities of motherhood by developing healthy bodies.

Miss Irene Parrett presented "The Women in Communist Russia". Women in Russia are equal in every respect to men. They are seen digging ditches, laying bricks, making repairs on railroads, working as drivers or conductors in street cars and buses or as engineers, chemists, doctors and judges, in fact engaging in every activity that men pursue.

Half of the judges of the Peoples' Court in Moscow are women. The Soviet Ambassador to Sweden is a woman. Many are in the All-Soviet Congress. Particularly do girls want to become engineers and chemists or follow other technical pursuits. A large proportion of Russia's 20,000,000 military reserves are women trained to some extent by the government through rifle clubs and trade unions. Girls look forward to working as men do and present housewives are continually exhorted to lay down their domestic duties and enter the factories. Work! Work! Work! the press constantly ridicules those who stay at home. Woman has economic equality with man, and there is no discrimination against married women. They can hold whatever job they are fitted to perform, and the Soviet leaders believe that women should have as much leisure time as men have.

Miss Margaret Rooney presented, "Women in Democratic United States." We can assert with pride

that women have made considerable progress since they first interested themselves in activities outside their homes. They have organized themselves in vast groups of which the General Federation of Women's Clubs, The American Association of University Women, The Business and Professional Women's Clubs, and The League of Women Voters command the greatest numbers. Such organizations proclaim that the American woman is conscious of her dignity, her social and civic significance, and her duty to herself as a thinking unit in the cosmic scheme.

Their participation in general life has been followed by many changes in the structure of society. Women move more freely and in more directions than was previously possible. They have shown themselves capable of noteworthy accomplishments, and to a great extent they have come to rely on their own achievements for their place in society.

In labor, in business and in the professions, they have developed in a relatively short time into a factor which men are finding it hard to ignore. American women have extended their interest into public life, a thing impossible to many foreign women, and are taking their first steps in politics on the same basis as men.

RED BIRDS AND MILLERS READY FOR FIRST GAME

Seven-Game Series Begin At 8:15 This Evening In Columbus Park

MAX MACON MAY HURL

Toledo and Milwaukee Vie on Mudhen Field

By UNITED PRESS

The four leading teams in the American Association will begin play-off tonight to determine the representative to meet the International league victor in the "little world series." The play-offs will be in seven-game series.

League leading Columbus will play the third place Minneapolis Millers on the Red Bird's field. Each team won and lost 11 games from the other during the season.

The Toledo Mudhens will attempt to utilize the winning streak that sent them to second place in the standings when they meet the fourth place Milwaukee Brewers. The game will be played in Toledo. The Hens won eight of the last nine games they played.

Max Macon was expected to be the Columbus pitcher, while Charlie Wagner was favored to take the mound for the Millers.

The game, to start at 8:15, will not be broadcast.

WILSON IN FRONT OF LIST NAMED FOR REDLEG JOB

CINCINNATI, Sept. 14—(UP)—Veteran baseball men today were nominated as candidates for the post of manager of the 1938 Cincinnati Reds.

Immediately after Warren Giles, general manager of the cellardwellers, threw a bombshell into the baseball world yesterday by announcing the immediate dismissal of Charles (Chuck) Dressen and two veteran coaches, George Kelly and Tom Sheehan, observers began to speculate on who would pilot the club next season.

The top-ranked candidate was said to be Jimmy Wilson, the veteran catcher who is managing the Philadelphia Phillies. Wilson, despite his failure to make the Quaker City club a potent force in the National league, is recognized as a shrewd manager.

Wilson's contract with Philadelphia expires this season and it has been reported for some time that it would not be renewed by President Gerry Nugent.

Prominent also on the list were the names of Burt Shotton, who guided the Columbus club to the American Association pennant this season, and Ray Blades, manager of the Rochester club of the International league.

Three others with considerable managerial experience who have been mentioned for the job are Rabbit Maranville, successful pilot of the Montreal club in the International league; Frank (Lefty) O'Doul, who has been at the helm of the San Francisco Seals; and Casey Stengel, former manager of the Brooklyn Dodgers, who has been out of baseball during the current season.

The lone candidate who has not had any experience as a pilot was Hazen (Kl Kl) Cuyler, veteran outfielder of the Reds. Cuyler is practically at the end of his playing days and it is known he would welcome a chance to manage a club.

C. C. OF A. OUTFIT VICTORIOUS OVER COOPER OIL CREW

Container Corporation ball players evened their series with the Cooper Oils of Commercial Point Monday evening by copping a 3-2 victory in seven innings.

Because of early nightfall the game started earlier than usual. In an effort to complete their series of three-out-of-five the two teams will meet Sunday afternoon in a doubleheader starting at 2 o'clock.

William Jennings Bryan was merely 36 when he ran for the U. S. presidency the first time, in 1896. The minimum age for the office is 35 years.

NEW YORK TEAM PLAYS PIRATES IN DOUBLE BILL

Schedule Favors Chicago; Terry's Infield Not So Strong

OTT, MCCARTHY WILD

Ripper Collins Available For Pinchhitting

NEW YORK, Sept. 14—(UP)—The National League pennant dash shifted westward today with the New York Giants battling to hold their game and a half lead over the reviving Chicago Cubs.

For the next 11 days the Giants will play in the west while the Cubs will have the advantages of Wrigley field. The Giants open their junket in Pittsburgh today with a doubleheader, then they have two more games each with the Pirates, the Cincinnati Reds and the St. Louis Cardinals before moving into Chicago for the series which may decide the pennant, on Sept. 21, 22 and 23.

The schedule definitely favors the Cubs. They have 21 games left, 14 at home and 7 away, and only one doubleheader. The giants have 24 games left, 18 away and six at home, but the big hitch is that they have four doubleheaders in four successive days against the Bees and Phillies in the last week of the season.

Games remaining for each team follow: Giants—Pittsburgh, 4; Cincinnati, 2; St. Louis, 2; Chicago, 3; Brooklyn, 5; Boston, 4; Philadelphia, 4.

Cubs—Boston, 4; Philadelphia, 2; Brooklyn, 2; New York, 3; St. Louis, 6; Cincinnati, 4.

The Giants' prospects of retaining the pennant are not nearly as bright as they were a week ago. Their infield has weakened under pressure and two games were tossed away in Boston by Mel Ott's wild throw and errors and mental lapses by First Baseman Johnny McCarthy. The Giants' pitchers have slacked off with Carl Hubbell, Hal Schumacher, and Harry Gumbert all beaten in their last starts.

The Cubs lost another regular when Shortstop Billy Jurges went to the hospital for treatment of his injured shoulder, and Lonnie Frey stepped in and added punch to the tail-end of the batting order. First Baseman Rip Collins has recovered from his broken ankle, and is available for pinch-hitting. It is unlikely that Manager Charlie Grimm will break up his present winning combination inasmuch as Phil Cavaretta has been going great.

The brightest spot in the Cubs' outlook is the return to form of the pitching staff. Larry French has pitched two shutouts in his last two starts and Tex Carleton hurled one in his most recent game. Curt Davis, unless the first half of the season, has regained his winning touch and Bill Lee, although beaten by the Pirates in his last start, is geared for a strong finish.

In the American League the Yankees are moving closer to clinching the pennant. They now have a 10-game lead and play their next 10 games at Yankee stadium against the western clubs. The hottest race is for third place, where the Red Sox and Cleveland Indians are driving hard to overtake the White Sox. Chicago is three games up on the Red Sox and 3½ on the Indians. Detroit has a fair hold on second.

SCHMIDT PLACES TEAM VETERANS IN HIS BACKFIELD

COLUMBUS, Sept. 14—(UP)—The first definite indication of the four gridders who will make up the varsity backfield at Ohio State this fall has been given today by Coach Francis A. Schmidt.

As a concluding drill of two long seasons yesterday Schmidt sent his proteges through their first scrimmage of the season. The scrimmage was brief, but it did reveal the way the Buck mentor now sizes up his backs.

In his varsity backfield he had Co-Captain Jim McDonald at quarter; Mike Kabealo, the Youngstown junior, and Dick Nardi, Cleveland veteran, at the halves; and Johnny Rabb, Akron, at fullback.

Using straight line smashes for the most part this backfield scored once without any great trouble and then was dismissed. The touchdown came on a five-yard plunge by Kabealo.

The first serious injuries of the training period occurred yesterday. Karl Kaplanoff, husky Bucyrus boy who may win a regular tackle berth, received a cleat cut on his right hand which necessitated

About This And That In Many Sports

Tigers Almost Ready

Barring possible injuries in scrimmages planned this evening, Wednesday and Thursday, the Red and Black football team will go on the field Friday night against Groveport in splendid physical condition. Minor bumps and bruises have prevailed in the last few days during which time hard drills have been the order. Coach Landrum is not yet certain of his starting lineup although the line is expected to look like this: Jackson and Fickard at ends, Rooney and Cooper at tackles, Nelson and J. Martin at guards, and Bowsher at center. Arledge will likely be at fullback, Garner at quarter and Martin and Paul Walters at the halves. The backfield is far from definite because several athletes, including a couple of freshmen, have been turning on plenty in the last few days. Zaenglein, freshman wing candidate, has been putting up a battle, too.

Lights Promised

Lights will be ready for the game, electric company officials in charge of construction assure school authorities. The big reflectors have arrived and are being placed. Names of officials, price of admission, game time and several other details have not been disclosed by athletic managers at the school.

Dressen Is Out

Charlie Dressen is finally out. The Cincinnati manager, expected to win the National league championship with a minor league ball club, has been paid in full and released with Sheehan and Kelly. His two aides: Cincinnati will never have a winner as long as Powell Crosby, the guy controlling the purse-strings, does not loosen them. Cincinnatians believe, and so does ye janitor, that 20,000 Cincinnati fans will go to see the team play no matter if they are in the cellar. So why spend money.

No Playoff Broadcast

You Red Bird fans who were planning to stay at home tonight in order to hear the playoff game between the Columbus and Minneapolis crews had better make plans to attend the game, because that is the only manner in which you will enjoy it. It just ain't been aired. Columbus officials are smart by this action because the attendance is certain to be swelled.

CONTRACT BRIDGE

HIDING A GOOD FIT

— AGAINST opponents who are adding their suit lengths aggressively, solid support for your partner's minor gives you a great sense of security. You can then cut in with the only unbid major, if you have a bit of length in it, with the positive assurance that if you do not find your partner with a satisfactory fit there, he can bid his minor again. Since you had not shown the foe that you fit the minor, you may thus lure a double at a less than game contract, especially if they get into a doubling mood by being able on the round before to double your major bid.

2-Diamonds, West 2-Spades, North 3-Hearts, which East doubled, and South 4-Diamonds, which West doubled.

With the opponents bidding actively and his partner only able to bid diamonds, North felt sure that 4-Spades was certain to be made by the opponents, so endeavored to inveigle them into doubling hearts, in the hope that they would also double diamonds, rather than try for their own game.

North was rewarded for his endeavor, for he not only kept the other side from a game, but his side made its own contract, doubled.

Dealer: North. Neither side vulnerable.

After two passes, South started the bidding on this deal with 1-Diamond, West overcalled with 1-Spade, East bid 2-Clubs. South

RUTTER JAILED AFTER STRIKING TWO ON VEHICLE

Motorist Found Guilty of Failure To Stop After Saturday Accident

PENALTY IS \$100, COSTS

Witnesses Called In Trial Before Mayor

Eddie Rutter, 33, of Long avenue, was committed to the county jail Monday night by Mayor W. J. Graham after he failed to pay a fine of \$100 and costs of \$18.95 on a charge of failure to stop after an accident.

Rutter was found guilty of the charge at a trial in police court. The charge resulted from an automobile mishap last Saturday evening at Western avenue and Union street in which two children received severe lacerations and bruises.

Rutter said he stopped after the accident and stepped out on the running board of his car. He said the boys got up and ran away and he did not believe either was seriously hurt.

Witness Called

B. K. Clapp, 321 S. Scioto street, said he was working on his auto in his garage when he heard the crash. He said he turned around and saw the youngsters getting up in the street. He testified he did not see Rutter's car stop.

Edgar Stevens, 144 First avenue, said he passed Rutter in his car and when he reached the scene of the accident the bicycle was still in the street. He took Howard Lovenshimer, 9, of 518 Elm avenue, to the police department where he was removed to Berger hospital and treated for lacerations on the left arm that required about 25 stitches to close. Blenn Cook, 12, of 536 Elm avenue, suffered lacerations on his left hip.

The Lovenshimer youth told Mayor Graham the Cook boy was pedaling the bicycle. He said they ran into the side of the car and he was thrown on the running board. The youth said he did not see Rutter stop. Mrs. Rutter said the youths ran into the side of the car.

Under orders from his physician the Cook boy was not permitted to attend the trial.

THEATRES

AT THE CLIFTONA

Who's the guy who said something about pennies from heaven? It's dollars — fifty thousand of them — for beautiful Jean Arthur in the shape of a gorgeous sable coat in "Easy Living," the delightful comedy which opens Wednesday at the Cliftona Theatre.

The coat came wafting out of heaven to her while she was riding to work on top of a bus and virtually took possession of her. It lost her job for her, won her a lavish suite in a fashionable hotel, led her into all kinds of difficulties, and wound up by winning her a husband — handsome Ray Milland.

It's all smart, gay and sophisticated fun of the type which made "Mr. Deeds Goes to Town" and "It Happened One Night" such delightful successes. Written by Preston Sturges, and directed by Mitchell Leisen, "Easy Living," has a brilliant cast which includes Edward Arnold, Luis Alberni, Mary Nash and over a score of other noted players.

Bob White, 54, negro, of 821 Taylor avenue, Columbus, arrested on a charge of hunting without permission, paid a fine of \$10 and costs.

The men were arrested in Walnut township by Clarence Francis, county game officer.

Black Silent Concerning Ku Klux Klan Connection

LONDON, Sept. 14.—(UP)—Associate United States Justice Hugo L. Black issued the following statement through the manager of his hotel today:—

"I am most sorry but I have no statement whatsoever to make to the press. I hope it will be possible to call the press off. Otherwise I shall reluctantly be obliged to leave the hotel and go somewhere else."

Black has been besieged by American press representatives seeking his comment on a newspaper "expose" of his alleged membership in the Ku Klux Klan. Efforts to obtain a statement began in Paris where he and Mrs. Black, on a European vacation, were staying until they came here Sunday night.

From early this morning, messenger boys with cables and letters and the cards of reporters knocked vainly on the door of the Black suite. At 9:30 a. m. a light showed under the door and the window curtains were drawn. The outside door was bolted and not even the hotel's maid and valet could obtain admittance.

At mid morning, the Blacks had not descended to the dining room for breakfast, nor had their breakfasts been sent up to them. Of all the guests on the floor, the Blacks were the only ones who did not put out their shoes for cleaning.

Black later received a United Press correspondent in his living room. He was sitting in an arm chair and Mrs. Black was nearby. He smilingly refused to comment on the allegations.

"You may say" Black said, "that I have no statement to make whatsoever. I am here on a vacation which I propose to enjoy."
